LicenseWatch 2013 Migration Package

With the LicenseWatch 2013 Migration Package customers can enjoy the maximum benefits from their LicenseWatch installation when upgrading to the newest version.

ABOUT LICENSEWATCH
LicenseWatch provides you with cost effective control and compliance.

KNOW WHAT YOU HAVE
Our leading technology quickly tells you what software you have installed, how it is used, and what licenses you have to support this.

QUICK Service Delivery
Simple and quick installation on one of your (virtual) Windows servers can be done in half a day. Inventory building and application metering will start from day 1.

IMMEDIATE COST SAVINGS
Find out quickly where you can save on licensing and support costs by identifying where unused software is installed.

SERVICES AVAILABLE
SAM Readiness
Inventory Baseline
Software Recognition
Training Service
Maintenance
Technical Support

Efficient and safe migration
LicenseWatch 2013 delivers greater functionality, features and benefits and we recommend our customers to upgrade to this version from their current version. The migration will be done by our skilled and fully trained consultants who know all the ins and outs on the new version and how it efficiently and safely be migrated to from your current solution.

Delivery
The LicenseWatch 2013 Migration Package removes all the risks for our customers and provides the training needed to be quickly up-to-speed. The package consists of the following:

• Update the software system
• Migrate the database to the 2013 format
• Check the configuration
• User training

On-site or remotely
The service can be delivered both on-site at the customer as well as remotely providing flexibility where necessary. Contact your local sales office to discuss your requirements.

LicenseWatch Services
The LicenseWatch service portfolio is designed to help customers to get the most out of their Software Asset Manager or to help our customers when under review / audit by software vendors or organizations like the BSA. We offer training courses, consulting services and ad-hoc services.

Contact us
